

Outdoor TV trap

TRP series

art. 22-301 TRP4 DIGIT

This outdoor TV trap is ideal to attenuate or delete a channel, letting pass the other channels with as little loss as possible. It can be used as channel suppressor, setting all adjustments on the same channel, or as equalizer, setting all adjustments on different channels.

Realized with adjustments on desired channels on request. In this case, you must specify the channels when ordering.

It allows remote power supply pass on its connectors.

Equipped with a plastic case and dedicated accessory for fixing to the mast.

Characteristics

- Shielded housing with screw F-type connectors
- Fixing accessory suitable for masts up to \varnothing 60 mm included
